Dear Tanya,

Please find attached communications from ALDI in relation to the ACCC's correspondence regarding the Prince Shower Gel product.

I wish to advise that it has recently come to my attention that Mr Joshua Leach, ACCC Senior Recalls Officer of Product Safety Branch, has contacted BWES/Trendpac in relation to the the same case MR9922, B# 580575 because of the association with the recalled batch (# 583048). Could you please confirm whether his communication relate solely to supplier or were they are relevant to ALDI? If the communications are relevant to ALDI, could you please kindly remind Mr Leach about ALDI's communication protocol with the ACCC that we discussed last week, and ask him to email the correspondence to myself and compliance@aldi.com.au. I will await your confirmation about this matter prior to ALDI responding to this matter should it be required.

Finally, thank you for following up about ALDI's communication protocol last week. As discussed, your assistance is greatly appreciated.

Please do not hesitate to contact me if you wish to discuss this matter on 04332929777.

Thank you.

Cheerio

Re: Aldi Prince Shower Gel for Men, 1L (MR9922)

Dear Ms Shanks,

Herewith attached as requested:

- Artwork of the actual packaging
- Product formula. The ingredients as declared in the pack copy and their functions in the product.
- Product Specification. The product is checked against specifications prior to release per procedure and Batch 580575 (DOM: 26/11/2014) complied. The retained sample is still within specification when rechecked on 04/02/2015 as response to the complaint.
- Chemical Regulations. All raw materials are legally permitted for use and in levels for personal care product in Australia and without any applicable SUSMP restrictions.

Please let us know if you need anything else.

Thank you.

Sincerely,

Vivian Valmonte 
Quality Assurance Technician
