Dear Patrick,

Re: Your Ref: M2005/4-02

Further to our telephone discussion today, enclosed is a copy of the test report that I referred to during our discussion.

Barry Gartner of AMAT Materials Engineering Pty Ltd and Jon Broome from Proclaim have both indicated to me that they would like the opportunity to meet with you to discuss this report in more detail.

Please advise if you able to meet with these gentlemen and I will arrange a mutually convenient time.

Yours Faithfully

Patrick
